

Sink Skin 530 Gold undermount

Kitchen Sinks

Code: 4453 849

DETAILS

Coloring Gold

Edge/Installation Type Undermount

Finish PVD

Material AISI 304 stainless steel

Texture Foster brushed

Base 60 cm

Dimensions 570x440 mm

Standard fittings Fixing hooks, gasket, drain, overflow and siphon, boxed packing

Mixer holes No standard holes

Built-in hole	View technical data sheet (for all Flush-mount / Top-mount models and Under-mount models)
Drainer	No
Width	57 cm
Bowl dimension	530x400mm
Number of bowls	1 bowl
Waste fitting	Drain SPACE 3,5"
Notes:	As the product consists of a single seamless steel surface with no gaps or interstices, the use of garbage disposal and waste fitting with automatic control is not permitted.

FEATURES

Gold	The Gold finish is obtained by treating the steel with a physical process called PVD (Physical Vacuum Deposition) which deposits particles of noble metals on the surface. The result is a unique and refined aesthetic effect, and an improvement in the mechanical properties of the steel that is more resistant to shocks and scratches.
ONE SEAMLESS STEEL SURFACE	The waste-fitting and overflow are moulded on the sink. The product is therefore made out of one seamless steel surface, without gaps or interstices. A great plus in terms of hygiene.
Deep bowls	This bowls reach an important depth, over 20 cm, thanks to the advanced production technology, that can be offer great capieny and practicity in all the washing operations.
High thickness	1mm thick steel. A significant thickness, which guarantees the maximum sturdiness and durability.
Perimetral overflow	The overflow is always a security on the Foster sinks that prevents the overflow of water in case of oversights. The perimeter drain solution improves aesthetics thanks to its square and essential shape.

Save space system

Drain and siphon are designed to leave as much space as possible in the under-sink area, more and more useful today for theseparate waste collection systems.

Small radius

Bowls with squared shapes with a modern design and an increased capacity, for a minimal aesthetics connected with an extreme praticity.

Space waste fitting

The elegant SPACE steel cap closes the drain and leaves no visible residues collected in the basket below. Space also has a small footprint and allows the optimal use of the under-sink compartment.
